Questions/Responses for ICESat-2 Flight Laser Procurement RFP  
NNG10338284R

1. **QUESTION:** Can you please provide an editable SF33? Will the SFF33 be updated for the recent amendment?  
**RESPONSE:** The SF33 has been revised to reflect the new proposal due date of 1/31/2011. The SF33 has been posted as a word document.
2. **QUESTION:** Amendment 1 deleted the clause 1852.237-72 Access of Sensitive Information. For the Offer Volume, L.15 (c)(9) requires a preliminary analysis of possible OCI. Is this still a requirement since the clause was deleted? Is 1852.237-73 Release of Sensitive Information also deleted from the RFP?  
**RESPONSE:** The Access of Sensitive Information 1852.237-72 is required for this procurement as the potential contractor may require access to sensitive information belonging to other companies or generated by the Government. Amendment #3 revises the RFP to add the clause to Section I and the OCI plan as a deliverable under the resultant contract. Amendment #3 revises Section B, I, and J of the RFP.
3. **QUESTION:** B.5. Performance Incentive: Do the Scenario's provided still apply, or were they deleted as part of Amendment 1?  
**RESPONSE:** The Performance Incentive scenarios have not been deleted and they still apply to the RFP.
4. **QUESTION:** Period of Performance: What contract vehicle will be used to cover the Performance Incentives and how should this be proposed? Example: In order to bill performance incentives, there needs to be an open contract.  
**RESPONSE:** As specified in Amendment #2, the period of performance of the contract is from award through launch (January 2016) plus 60 days. The performance incentive period begins after commissioning at launch plus 61 days. The performance incentives cover the on-orbit mission month 6 and conclude 36 months later. The contract will remain open in order to cover the incentive period, which includes paying the performance incentives.
5. **QUESTION:** FAR 52.223-15 Energy Efficiency in Energy-Consuming Products (DEC 2007) is not applicable to this effort. We recommend deletion of this clause from the RFP.  
**RESPONSE:** This clause has been deleted from Section I of the RFP.
